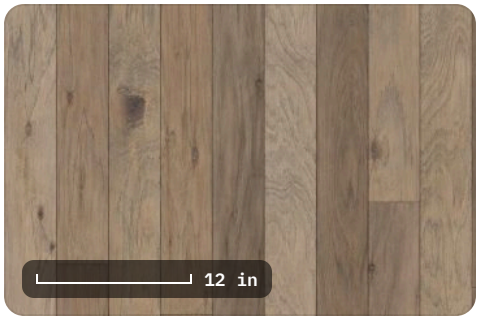
Mystic Vapor in a traditional room

Mystic Vapor from the Robbins Nature's Canvas Silver 4", 5", 6-1/2" Hickory line is mid dark hickory hardwood with a golden undertone (measured from its own picture: LRV 22). Here it is with Balboa Mist walls, Swiss Coffee trim, and Naval as the deep note, chosen by the numbers.



THE PALETTE

THE FLOOR	WALLS	TRIM	DEEP NOTE	WOOD
Mystic Vapor LRV 22	**Balboa Mist** Benjamin Moore OC-27 LRV 65.5	**Swiss Coffee** Benjamin Moore OC-45 LRV 81.9	**Naval** Sherwin-Williams SW 6244 LRV 4.5	**A charcoal wood** Like our Heritage Brown stain sample

WALLS, TRIM AND CABINETS

WALLS
Balboa Mist
Benjamin Moore OC-27 · LRV 65.5 · +44 from the floor
A soft neutral with a touch of warmth (hue 94°), so Mystic Vapor stays golden without turning yellow.

OR WALLS
Creamy
Sherwin-Williams SW 7012 · LRV 81.2 · +60 from the floor
A soft neutral with a touch of warmth (hue 89°), so Mystic Vapor stays golden without turning yellow.

TRIM AND CEILINGS
Swiss Coffee
Benjamin Moore OC-45 · LRV 81.9 · +60 from the floor
60 points over Mystic Vapor in LRV and warm enough (chroma 5.7) to read white, not blue, beside its golden undertone.

THE DEEP NOTE
Naval
Sherwin-Williams SW 6244 · LRV 4.5 · -17 from the floor
Deep and cool, about 169° around the color wheel from Mystic Vapor and 17 points darker in LRV, so each makes the other look richer.

Lower cabinets or an island in Naval, uppers and trim in Swiss Coffee. The floor at LRV 22 sits between the two (5 and 82).

THE FLOOR, MEASURED

LRV	LIGHTNESS L*	UNDERTONE	HUE
22	54	Golden	72°

A golden undertone, warm without leaning red. LRV is light reflectance value: 0 is black, 100 is white. A wall within 30 points of the floor blurs into it (BS 8300).

Mystic Vapor is lighter than 54 percent of the 1,739 hardwood floors we carry, measured the same way, and warmer than 21 percent of them.

WOOD, RUGS AND METALS

A step darker: a charcoal wood
About 19 points darker than Mystic Vapor in L* (35 against 54), far enough to read as a choice. Like our Heritage Brown stain sample.

A step lighter: a pale, bleached wood
About 18 points lighter than Mystic Vapor in L* (72 against 54). Like our Country White stain sample.

Tone on tone: fog gray
7 in chroma, half the warmth of Mystic Vapor (15), and 28 points lighter in L*.

Across the wheel: graphite
Hue 252°, straight across the color wheel from the 72° of Mystic Vapor, softened to balance it.

Grounding: charcoal
A deep note at L* 24, 30 points from the 54 of Mystic Vapor, so a rug keeps its edge.

Unlacquered brass
A warm metal that agrees with the golden undertone of Mystic Vapor (hue 72°).

Aged brass
A second warm metal in a worn finish, so the brass beside Balboa Mist walls never looks new and loud.

Matte black
Black works with every undertone; beside Mystic Vapor at LRV 22 it gives the room its outline.

ROOM BY ROOM

- **Living room** Balboa Mist walls, Swiss Coffee trim and crown, a patterned rug in graphite and charcoal on Mystic Vapor, furniture in a charcoal wood, unlacquered brass lamps.
- **Kitchen** Naval on the island, Swiss Coffee cabinets, aged brass knobs, Mystic Vapor underfoot.
- **Dining room** Creamy walls, a table in a charcoal wood, chairs in fog gray, an unlacquered brass chandelier.
- **Bedroom** Balboa Mist walls, fog gray bedding, a graphite throw, nightstands in a pale, bleached wood.

WHAT TO AVOID

- Walls at the lightness of Mystic Vapor: Retreat (Sherwin-Williams SW 6207, LRV 20.9) sits within a point of its LRV of 22, so wall and floor would blur into one.
- Wood that almost matches Mystic Vapor: a tone like our Rustic Beige sample, 2.5 apart (CIEDE2000), reads as a near miss. Go clearly darker or lighter.
- Walls that lean yellow: yellow on yellow flattens the golden undertone of Mystic Vapor (hue 72°).

THE ROOM IT SUITS

At LRV 22, Mystic Vapor is mid dark: it is at its best in a big room with good light and warm lamps, and it shows dust, pet hair and fine scratches more than a mid tone.

At 4 inches a board, Mystic Vapor lays about 36 boards across a 12 foot room.

Engineered hardwood: living spaces and bedrooms on every level, kept out of full baths.

Hardness: Hickory: Janka 1,820 lbf

Construction: Engineered hardwood

Finish: Urethane with AlOx
