

Bosc Oak in a coastal room

Bosc Oak, from the COREtec CT HD 7x60 INTG line, is a mid tone vinyl plank with a soft greige undertone (measured from its own picture: LRV 34). Here it is with Balboa Mist walls, Swiss Coffee trim, and Cascades as the deep note, chosen by the numbers.

THE PALETTE

THE FLOOR	WALLS	TRIM	DEEP NOTE	WOOD
Bosc Oak LRV 34	Balboa Mist Benjamin Moore OC-27 LRV 65.5	Swiss Coffee Benjamin Moore OC-45 LRV 81.9	Cascades Sherwin-Williams SW 7623 LRV 4.2	A smoky gray brown wood Like our Dark Gray stain sample

WALLS, TRIM AND CABINETS

WALLS

Balboa Mist

Benjamin Moore OC-27 • LRV 65.5 • +31 from the floor
A warm white or greige in the same soft family as Bosc Oak (hue 94° against its 72°).

OR WALLS

Dover White

Sherwin-Williams SW 6385 • LRV 82.5 • +48 from the floor
A warm white or greige in the same soft family as Bosc Oak (hue 93° against its 72°).

TRIM AND CEILINGS

Swiss Coffee

Benjamin Moore OC-45 • LRV 81.9 • +48 from the floor
48 points over Bosc Oak in LRV and warm enough (chroma 5.7) to read white, not blue, beside its greige undertone.

THE DEEP NOTE

Cascades

Sherwin-Williams SW 7623 • LRV 4.2 • -30 from the floor
Deep and quiet, 30 points darker than Bosc Oak in LRV, a frame for a greige floor.

Lower cabinets or an island in Cascades, uppers and trim in Swiss Coffee.
The floor at LRV 34 sits between the two (4 and 82).

THE FLOOR, MEASURED

LRV	LIGHTNESS L*	UNDERTONE	HUE
34	65	Greige	72°

A greige: soft gray with a little warmth. LRV is light reflectance value: 0 is black, 100 is white. A wall within 30 points of the floor blurs into it (BS 8300).

Bosc Oak is lighter than 71 percent of the 1,198 vinyl floors we carry, measured the same way, and warmer than 44 percent of them.

WOOD, RUGS AND METALS

**A step darker: a smoky gray brown wood**

About 20 points darker than Bosc Oak in L* (45 against 65), far enough to read as a choice. Like our Dark Gray stain sample.

**A step lighter: black or painted pieces**

Bosc Oak is lighter than any wood stain we photographed (L* 65), so contrast comes from black, painted or upholstered pieces.

**Tone on tone: walnut brown**

6 in chroma, half the warmth of Bosc Oak (12), and 34 points darker in L*.

**Across the wheel: storm blue**

Hue 252°, straight across the color wheel from the 72° of Bosc Oak, softened to balance it.

**Grounding: graphite**

A deep note at L* 35, 30 points from the 65 of Bosc Oak, so a rug keeps its edge.

**Polished nickel**

A bright nickel with a touch of warmth, for the greige undertone of Bosc Oak (chroma 12.4).

**Champagne bronze**

A warm metal that agrees with the greige undertone of Bosc Oak (hue 72°).

**Brushed nickel**

A soft satin nickel, quieter than chrome, for the greige of Bosc Oak.

ROOM BY ROOM

- **Living room** Balboa Mist walls and Swiss Coffee trim, a walnut brown rug in a flat weave on Bosc Oak, storm blue pillows, black or painted side tables.
- **Kitchen** Swiss Coffee cabinets with an island in Cascades, polished nickel hardware, Bosc Oak underfoot.
- **Bedroom** Dover White walls, walnut brown linen, a storm blue throw, champagne bronze on the lamps.
- **Bath** Cascades on the vanity, Swiss Coffee walls, a graphite mat, brushed nickel fixtures.

WHAT TO AVOID

- Walls at the lightness of Bosc Oak: Debonair (Sherwin-Williams SW 9139, LRV 33.9) sits within a point of its LRV of 34, so wall and floor would blur into one.
- Wood that almost matches Bosc Oak: a tone like our Country White sample, 5.6 apart (CIEDE2000), reads as a near miss. Go clearly darker or lighter.
- Stark blue whites everywhere: a greige floor like Bosc Oak turns muddy beside them. Keep the whites a little warm.

THE ROOM IT SUITS

At LRV 34, Bosc Oak is a mid tone: it holds its color in a sunny room and hides everyday dust and pet hair better than a very dark or very light floor.

At 7 inches a board, Bosc Oak lays about 21 boards across a 12 foot room, so the room reads open with few seams.

Bosc Oak is waterproof, so it belongs in kitchens, baths, mudrooms and basements as well as living spaces.

Wear layer: 20 mil

Core: WPC, a wood plastic composite core

Finish: UV Acrylic
