

Classic Travertine in a coastal room

Classic Travertine from the COREtec Enduring Base line is a very light vinyl tile with a soft greige undertone (measured from its own picture: LRV 68). Here it is with Debonair walls, Greek Villa trim, and Still Water as the deep note, chosen by the numbers.

THE PALETTE

THE FLOOR	WALLS	TRIM	DEEP NOTE	WOOD
Classic Travertine LRV 68	Debonair Sherwin-Williams SW 9139 LRV 33.9	Greek Villa Sherwin-Williams SW 7551 LRV 84.2	Still Water Sherwin-Williams SW 6223 LRV 10.1	A pale, bleached wood Like our Natural stain sample

WALLS, TRIM AND CABINETS

WALLS

Debonair

Sherwin-Williams SW 9139 • LRV 33.9 • -34 from the floor
A quiet neutral beside a soft floor.

OR WALLS

Simply White

Benjamin Moore OC-117 • LRV 89.5 • +22 from the floor
A warm white or greige in the same soft family as Classic Travertine (hue 110° against its 82°).

TRIM AND CEILINGS

Greek Villa

Sherwin-Williams SW 7551 • LRV 84.2 • +16 from the floor
16 points over Classic Travertine in LRV and warm enough (chroma 5.3) to read white, not blue, beside its greige undertone.

THE DEEP NOTE

Still Water

Sherwin-Williams SW 6223 • LRV 10.1 • -58 from the floor
Deep and quiet, 58 points darker than Classic Travertine in LRV, a frame for a greige floor.

Lower cabinets or an island in Still Water, uppers and trim in Greek Villa.
The floor at LRV 68 sits between the two (10 and 84).

THE FLOOR, MEASURED

LRV	LIGHTNESS L*	UNDERTONE	HUE
68	86	Greige	82°

A greige: soft gray with a little warmth. LRV is light reflectance value: 0 is black, 100 is white. A wall within 30 points of the floor blurs into it (BS 8300).

Classic Travertine is lighter than 98 percent of the 1,198 vinyl floors we carry, measured the same way, and warmer than 25 percent of them.

WOOD, RUGS AND METALS

**A step darker: a pale, bleached wood**

About 19 points darker than Classic Travertine in L* (67 against 86), far enough to read as a choice. Like our Natural stain sample.

**A step lighter: black or painted pieces**

Classic Travertine is lighter than any wood stain we photographed (L* 86), so contrast comes from black, painted or upholstered pieces.

**Tone on tone: pewter**

4 in chroma, half the warmth of Classic Travertine (9), and 34 points darker in L*.

**Across the wheel: slate blue**

Hue 262°, straight across the color wheel from the 82° of Classic Travertine, softened to balance it.

**Grounding: smoke**

A deep note at L* 56, 30 points from the 86 of Classic Travertine, so a rug keeps its edge.

**Polished nickel**

A bright nickel with a touch of warmth, for the greige undertone of Classic Travertine (chroma 8.8).

**Champagne bronze**

A warm metal that agrees with the greige undertone of Classic Travertine (hue 82°).

**Brushed nickel**

A soft satin nickel, quieter than chrome, for the greige of Classic Travertine.

ROOM BY ROOM

- **Living room** Debonair walls and Greek Villa trim, a pewter rug in a flat weave on Classic Travertine, slate blue pillows, black or painted side tables.
- **Kitchen** Greek Villa cabinets with an island in Still Water, polished nickel hardware, Classic Travertine underfoot.
- **Bedroom** Simply White walls, pewter linen, a slate blue throw, champagne bronze on the lamps.
- **Bath** Still Water on the vanity, Greek Villa walls, a smoke mat, brushed nickel fixtures.

WHAT TO AVOID

- Walls at the lightness of Classic Travertine: Pale Oak (Benjamin Moore OC-20, LRV 68.6) sits within a point of its LRV of 68, so wall and floor would blur into one.
- Stark blue whites everywhere: a greige floor like Classic Travertine turns muddy beside them. Keep the whites a little warm.

THE ROOM IT SUITS

At LRV 68, Classic Travertine is very light: it bounces light back into the room, suits north facing rooms, basements and small rooms, and shows dark grit more than lint.

At 12 inches a tile, a 12 foot room is about 12 tiles across.

Classic Travertine is waterproof, so it belongs in kitchens, baths, mudrooms and basements as well as living spaces.

Wear layer: 20 mil

Core: SPC, a rigid stone polymer core

Finish: UV Acrylic
