

Ligera Sandstone in a coastal room

Ligera Sandstone from the COREtec CT Plus Tile line is a mid tone vinyl tile with a soft greige undertone (measured from its own picture: LRV 37). Here it is with Greek Villa walls, Alabaster trim, and Distance as the deep note, chosen by the numbers.

THE PALETTE

THE FLOOR	WALLS	TRIM	DEEP NOTE	WOOD
Ligera Sandstone LRV 37	Greek Villa Sherwin-Williams SW 7551 LRV 84.2	Alabaster Sherwin-Williams SW 7008 LRV 82.2	Distance Sherwin-Williams SW 6243 LRV 15.2	A warm gray brown wood Like our Warm Gray stain sample

WALLS, TRIM AND CABINETS

WALLS

Greek Villa

Sherwin-Williams SW 7551 • LRV 84.2 • +48 from the floor

A warm white or greige in the same soft family as Ligera Sandstone (hue 94° against its 88°).

OR WALLS

Simply White

Benjamin Moore OC-117 • LRV 89.5 • +53 from the floor

A warm white or greige in the same soft family as Ligera Sandstone (hue 110° against its 88°).

TRIM AND CEILINGS

Alabaster

Sherwin-Williams SW 7008 • LRV 82.2 • +46 from the floor

46 points over Ligera Sandstone in LRV and warm enough (chroma 5.3) to read white, not blue, beside its greige undertone.

THE DEEP NOTE

Distance

Sherwin-Williams SW 6243 • LRV 15.2 • -21 from the floor

Deep and quiet, 21 points darker than Ligera Sandstone in LRV, a frame for a greige floor.

Lower cabinets or an island in Distance, uppers and trim in Alabaster. The floor at LRV 37 sits between the two (15 and 82).

THE FLOOR, MEASURED

LRV	LIGHTNESS L*	UNDERTONE	HUE
37	67	Greige	88°

A greige: soft gray with a little warmth. LRV is light reflectance value: 0 is black, 100 is white. A wall within 30 points of the floor blurs into it (BS 8300).

Ligera Sandstone is lighter than 75 percent of the 1,198 vinyl floors we carry, measured the same way, and warmer than 25 percent of them.

WOOD, RUGS AND METALS

**A step darker: a warm gray brown wood**

About 19 points darker than Ligera Sandstone in L* (48 against 67), far enough to read as a choice. Like our Warm Gray stain sample.

**A step lighter: black or painted pieces**

Ligera Sandstone is lighter than any wood stain we photographed (L* 67), so contrast comes from black, painted or upholstered pieces.

**Tone on tone: graphite**

4 in chroma, half the warmth of Ligera Sandstone (9), and 34 points darker in L*.

**Across the wheel: storm blue**

Hue 268°, straight across the color wheel from the 88° of Ligera Sandstone, softened to balance it.

**Grounding: mocha**

A deep note at L* 37, 30 points from the 67 of Ligera Sandstone, so a rug keeps its edge.

**Polished nickel**

A bright nickel with a touch of warmth, for the greige undertone of Ligera Sandstone (chroma 8.8).

**Champagne bronze**

A warm metal that agrees with the greige undertone of Ligera Sandstone (hue 88°).

**Brushed nickel**

A soft satin nickel, quieter than chrome, for the greige of Ligera Sandstone.

ROOM BY ROOM

- **Living room** Greek Villa walls and Alabaster trim, a graphite rug in a flat weave on Ligera Sandstone, storm blue pillows, black or painted side tables.
- **Kitchen** Alabaster cabinets with an island in Distance, polished nickel hardware, Ligera Sandstone underfoot.
- **Bedroom** Simply White walls, graphite linen, a storm blue throw, champagne bronze on the lamps.
- **Bath** Distance on the vanity, Alabaster walls, a mocha mat, brushed nickel fixtures.

WHAT TO AVOID

- Walls at the lightness of Ligera Sandstone: Debonair (Sherwin-Williams SW 9139, LRV 33.9) sits 3 points from its LRV of 37, so wall and floor would blur into one.
- Stark blue whites everywhere: a greige floor like Ligera Sandstone turns muddy beside them. Keep the whites a little warm.

THE ROOM IT SUITS

At LRV 37, Ligera Sandstone is a mid tone: it holds its color in a sunny room and hides everyday dust and pet hair better than a very dark or very light floor.

At 12 inches a tile, a 12 foot room is about 12 tiles across.

Ligera Sandstone is waterproof, so it belongs in kitchens, baths, mudrooms and basements as well as living spaces.

Wear layer: 20 mil**Core:** WPC, a wood plastic composite core**Finish:** UV Acrylic
