Midway Oak in a warm modern room

Midway Oak from the COREtec Originals Classics line is a dark vinyl plank with an amber undertone (measured from its own picture: LRV 12). Here it is with Extra White walls, Greek Villa trim, and Upward on the cabinets, chosen by the numbers.

THE PALETTE

THE FLOOR	WALLS	TRIM	CABINETS	WOOD
Midway Oak LRV 12	**Extra White** Sherwin-Williams SW 7006 LRV 85.9	**Greek Villa** Sherwin-Williams SW 7551 LRV 84.2	**Upward** Sherwin-Williams SW 6239 LRV 57.4	**A charcoal wood** Like our Royal Mahogany stain sample

WALLS, TRIM AND CABINETS

WALLS
Extra White
Sherwin-Williams SW 7006 · LRV 85.9 · +74 from the floor
Its undertone leans green (hue 118°), which quiets the orange in Midway Oak (hue 63°) instead of echoing it.

OR WALLS
Palladian Blue
Benjamin Moore HC-144 · LRV 60.4 · +49 from the floor
Its undertone leans green (hue 163°), which quiets the orange in Midway Oak (hue 63°) instead of echoing it.

TRIM AND CEILINGS
Greek Villa
Sherwin-Williams SW 7551 · LRV 84.2 · +73 from the floor
73 points over Midway Oak in LRV and warm enough (chroma 5.3) to read white, not blue, beside its amber undertone.

CABINETS
Upward
Sherwin-Williams SW 6239 · LRV 57.4 · +46 from the floor
A light color with some life in it, so cabinets float off Midway Oak (a 46 point step in LRV).

Cabinets in Upward or Greek Villa: a dark floor needs light cabinets to float above it.

THE FLOOR, MEASURED

LRV	LIGHTNESS L*	UNDERTONE	HUE
12	41	Amber	63°

An amber undertone, warm and a little orange. LRV is light reflectance value: 0 is black, 100 is white. A wall within 30 points of the floor blurs into it (BS 8300).

Midway Oak is lighter than 17 percent of the 1,202 vinyl floors we carry, measured the same way, and warmer than 90 percent of them.

WOOD, RUGS AND METALS

A step darker: a charcoal wood
About 15 points darker than Midway Oak in L* (26 against 41), far enough to read as a choice. Like our Royal Mahogany stain sample.

A step lighter: a light natural wood
About 15 points lighter than Midway Oak in L* (56 against 41). Like our Neutral stain sample.

Tone on tone: putty
11 in chroma, half the warmth of Midway Oak (24), and 28 points lighter in L*.

Across the wheel: mist blue
Hue 243°, straight across the color wheel from the 63° of Midway Oak, softened to balance it.

Grounding: linen
A light note at L* 86, 45 points from the 41 of Midway Oak, so a rug keeps its edge.

Aged brass
A warm metal that agrees with the amber undertone of Midway Oak (hue 63°).

Unlacquered brass
Left unsealed, it darkens with handling to a softer warm tone beside Extra White walls.

Matte black
Black works with every undertone; beside Midway Oak at LRV 12 it gives the room its outline.

ROOM BY ROOM

- **Living room** Extra White walls and Greek Villa trim around Midway Oak, a putty rug with a linen border, a coffee table in a charcoal wood, aged brass lamps.
- **Kitchen** Cabinets in Upward so they float off Midway Oak, Greek Villa walls and trim, unlacquered brass pulls.
- **Bedroom** Palladian Blue walls, bedding in putty with one mist blue pillow, nightstands in a light natural wood.
- **Entry** A linen runner on Midway Oak, Upward on the front door, a matte black mirror.

WHAT TO AVOID

- Walls at the lightness of Midway Oak: Pewter Green (Sherwin-Williams SW 6208, LRV 11.8) sits within a point of its LRV of 12, so wall and floor would blur into one.
- Wood that almost matches Midway Oak: a tone like our Nutmeg sample, 2.8 apart (CIEDE2000), reads as a near miss. Go clearly darker or lighter.
- Pink or peach beige walls: they pull more orange out of the amber undertone of Midway Oak (hue 63°).

THE ROOM IT SUITS

At LRV 12, Midway Oak is dark: it is at its best in a big room with good light and warm lamps, and it shows dust, pet hair and fine scratches more than a mid tone.

At 7 inches a board, Midway Oak lays about 21 boards across a 12 foot room, so the room reads open with few seams.

Midway Oak is waterproof, so it belongs in kitchens, baths, mudrooms and basements as well as living spaces.

Wear layer: 20 mil

Core: WPC, a wood plastic composite core

Finish: UV Acrylic
