

Spirit Oak in a coastal room

Spirit Oak, from the COREtec Originals Premium line, is a light vinyl plank with a soft greige undertone (measured from its own picture: LRV 49). Here it is with White Dove walls, Swiss Coffee trim, and Still Water as the deep note, chosen by the numbers.

THE PALETTE

THE FLOOR	WALLS	TRIM	DEEP NOTE	WOOD
Spirit Oak LRV 49	White Dove Benjamin Moore OC-17 LRV 83.2	Swiss Coffee Benjamin Moore OC-45 LRV 81.9	Still Water Sherwin-Williams SW 6223 LRV 10.1	A honey tone Like our Rustic Beige stain sample

WALLS, TRIM AND CABINETS

WALLS

White Dove

Benjamin Moore OC-17 • LRV 83.2 • +35 from the floor

A warm white or greige in the same soft family as Spirit Oak (hue 105° against its 75°).

OR WALLS

Dover White

Sherwin-Williams SW 6385 • LRV 82.5 • +34 from the floor

A warm white or greige in the same soft family as Spirit Oak (hue 93° against its 75°).

TRIM AND CEILINGS

Swiss Coffee

Benjamin Moore OC-45 • LRV 81.9 • +33 from the floor

33 points over Spirit Oak in LRV and warm enough (chroma 5.7) to read white, not blue, beside its greige undertone.

THE DEEP NOTE

Still Water

Sherwin-Williams SW 6223 • LRV 10.1 • -38 from the floor

Deep and quiet, 38 points darker than Spirit Oak in LRV, a frame for a greige floor.

Lower cabinets or an island in Still Water, uppers and trim in Swiss Coffee. The floor at LRV 49 sits between the two (10 and 82).

THE FLOOR, MEASURED

LRV	LIGHTNESS L*	UNDERTONE	HUE
49	75	Greige	75°

A greige: soft gray with a little warmth. LRV is light reflectance value: 0 is black, 100 is white. A wall within 30 points of the floor blurs into it (BS 8300).

Spirit Oak is lighter than 91 percent of the 1,204 vinyl floors we carry, measured the same way, and warmer than 16 percent of them.

WOOD, RUGS AND METALS

**A step darker: a honey tone**

About 20 points darker than Spirit Oak in L* (55 against 75), far enough to read as a choice. Like our Rustic Beige stain sample.

**A step lighter: black or painted pieces**

Spirit Oak is lighter than any wood stain we photographed (L* 75), so contrast comes from black, painted or upholstered pieces.

**Tone on tone: graphite**

3 in chroma, half the warmth of Spirit Oak (7), and 34 points darker in L*.

**Across the wheel: slate blue**

Hue 255°, straight across the color wheel from the 75° of Spirit Oak, softened to balance it.

**Grounding: pewter**

A deep note at L* 45, 30 points from the 75 of Spirit Oak, so a rug keeps its edge.

**Polished nickel**

A bright nickel with a touch of warmth, for the greige undertone of Spirit Oak (chroma 6.9).

**Champagne bronze**

A warm metal that agrees with the greige undertone of Spirit Oak (hue 75°).

**Brushed nickel**

A soft satin nickel, quieter than chrome, for the greige of Spirit Oak.

ROOM BY ROOM

- **Living room** White Dove walls and Swiss Coffee trim, a graphite rug in a flat weave on Spirit Oak, slate blue pillows, black or painted side tables.
- **Kitchen** Swiss Coffee cabinets with an island in Still Water, polished nickel hardware, Spirit Oak underfoot.
- **Bedroom** Dover White walls, graphite linen, a slate blue throw, champagne bronze on the lamps.
- **Bath** Still Water on the vanity, Swiss Coffee walls, a pewter mat, brushed nickel fixtures.

WHAT TO AVOID

- Walls at the lightness of Spirit Oak: Coventry Gray (Benjamin Moore HC-169, LRV 48.2) sits within a point of its LRV of 49, so wall and floor would blur into one.
- Wood that almost matches Spirit Oak: a tone like our Country White sample, 7.0 apart (CIEDE2000), reads as a near miss. Go clearly darker or lighter.
- Stark blue whites everywhere: a greige floor like Spirit Oak turns muddy beside them. Keep the whites a little warm.

THE ROOM IT SUITS

At LRV 49, Spirit Oak is light: it bounces light back into the room, suits north facing rooms, basements and small rooms, and shows dark grit more than lint.

At 7 inches a board, Spirit Oak lays about 21 boards across a 12 foot room, so the room reads open with few seams.

Spirit Oak is waterproof, so it belongs in kitchens, baths, mudrooms and basements as well as living spaces.

Wear layer: 30 mil

Core: WPC, a wood plastic composite core

Finish: UV Acrylic
