

Yukon White wire brushed in a traditional room

Yukon White wire brushed, from the Superior Heritage Solid White Oak 4-1/4 in line, is a mid tone white oak hardwood with an amber undertone (measured from its own picture: LRV 23). Picture it with Edgecomb Gray walls, Greek Villa trim, and Cascades as the deep note, chosen by the numbers.

THE PALETTE

THE FLOOR	WALLS	TRIM	DEEP NOTE	WOOD
Yukon White wire brushed LRV 23	Edgecomb Gray Benjamin Moore HC-173 LRV 63.1	Greek Villa Sherwin-Williams SW 7551 LRV 84.2	Cascades Sherwin-Williams SW 7623 LRV 4.2	A charcoal wood Like our Heritage Brown stain sample

WALLS, TRIM AND CABINETS

WALLS

Edgecomb Gray

Benjamin Moore HC-173 • LRV 63.1 • +40 from the floor
Its undertone leans green (hue 94°), which quiets the orange in Yukon White wire brushed (hue 65°) instead of echoing it.

OR WALLS

Sea Salt

Sherwin-Williams SW 6204 • LRV 63.2 • +40 from the floor
Its undertone leans green (hue 133°), which quiets the orange in Yukon White wire brushed (hue 65°) instead of echoing it.

TRIM AND CEILINGS

Greek Villa

Sherwin-Williams SW 7551 • LRV 84.2 • +61 from the floor
61 points over Yukon White wire brushed in LRV and warm enough (chroma 5.3) to read white, not blue, beside its amber undertone.

THE DEEP NOTE

Cascades

Sherwin-Williams SW 7623 • LRV 4.2 • -19 from the floor
Deep and cool, about 133° around the color wheel from Yukon White wire brushed and 19 points darker in LRV, so each makes the other look richer.

Lower cabinets or an island in Cascades, uppers and trim in Greek Villa.
The floor at LRV 23 sits between the two (4 and 84).

THE FLOOR, MEASURED

LRV	LIGHTNESS L*	UNDERTONE	HUE
23	55	Amber	65°

An amber undertone, warm and a little orange. LRV is light reflectance value: 0 is black, 100 is white. A wall within 30 points of the floor blurs into it (BS 8300).

WOOD, RUGS AND METALS

**A step darker: a charcoal wood**

About 21 points darker than Yukon White wire brushed in L* (35 against 55), far enough to read as a choice. Like our Heritage Brown stain sample.

**A step lighter: a pale, bleached wood**

About 16 points lighter than Yukon White wire brushed in L* (72 against 55). Like our Country White stain sample.

**Tone on tone: oatmeal**

8 in chroma, half the warmth of Yukon White wire brushed (19), and 28 points lighter in L*.

**Across the wheel: graphite**

Hue 245°, straight across the color wheel from the 65° of Yukon White wire brushed, softened to balance it.

**Grounding: charcoal**

A deep note at L* 25, 30 points from the 55 of Yukon White wire brushed, so a rug keeps its edge.

**Unlacquered brass**

A warm metal that agrees with the amber undertone of Yukon White wire brushed (hue 65°).

**Aged brass**

A second warm metal in a worn finish, so the brass beside Edgecomb Gray walls never looks new and loud.

**Matte black**

Black works with every undertone; beside Yukon White wire brushed at LRV 23 it gives the room its outline.

ROOM BY ROOM

- **Living room** Edgecomb Gray walls, Greek Villa trim and crown, a patterned rug in graphite and charcoal on Yukon White wire brushed, furniture in a charcoal wood, unlacquered brass lamps.
- **Kitchen** Cascades on the island, Greek Villa cabinets, aged brass knobs, Yukon White wire brushed underfoot.
- **Dining room** Sea Salt walls, a table in a charcoal wood, chairs in oatmeal, an unlacquered brass chandelier.
- **Bedroom** Edgecomb Gray walls, oatmeal bedding, a graphite throw, nightstands in a pale, bleached wood.

WHAT TO AVOID

- Walls at the lightness of Yukon White wire brushed: Retreat (Sherwin-Williams SW 6207, LRV 20.9) sits 2 points from its LRV of 23, so wall and floor would blur into one.
- Wood that almost matches Yukon White wire brushed: a tone like our Rustic Beige sample, 1.1 apart (CIEDE2000), reads as a near miss. Go clearly darker or lighter.
- Pink or peach beige walls: they pull more orange out of the amber undertone of Yukon White wire brushed (hue 65°).

THE ROOM IT SUITS

At LRV 23, Yukon White wire brushed is a mid tone: it holds its color in a sunny room and hides everyday dust and pet hair better than a very dark or very light floor.

At 4.25 inches a board, Yukon White wire brushed lays about 34 boards across a 12 foot room.

Solid hardwood: living spaces and bedrooms above grade, kept out of baths and basements.

Hardness: White oak: Janka 1,360 lbf

Construction: Solid

Finish: Prefinished
